

Agenda

UHIP-GC Multiple-Drug Resistant Organism (MDRO) Control and Education

05/04/2023 @ 12:00-1:00

Mission:

Protect the residents of Utah from multiple-drug resistant (MDRO) infections through prompt identification and response to MDRO outbreaks in coordination with education for various healthcare facility settings (LTACH, LTCF, Dialysis, Outpatient, Acute Care Hospitals).

Vision:

The State of Utah will lead the national efforts to eliminate multidrug-resistant organism infections. Utah strives to reduce the amount of multidrug-resistant organisms in healthcare settings while also improving our detection and response.

Goal:

Improve detection, response, and education of multidrug-resistant organisms (MDRO) through collaboration with healthcare facilities to create additional educational opportunities, enhance awareness, address gaps and implement standardized MDRO focused infection prevention and control practices throughout the state of Utah.

***This meeting will be recorded for note taking purposes. Meeting minutes are publicly available, confidential information will be de-identified and is not to be shared outside this meeting.**

Time	Topic	Lead/Notes
Introductions		
12:00-12:05	Introductions <ul style="list-style-type: none"> ● Subcommittee Chair: Elena Snelten ● Additional representation 	Giulia

Situational awareness		
12:40-12:50	<p>Current State of MDROs</p> <ul style="list-style-type: none"> ● Endemic definition - Met with CDC to get their feedback, work in progress ● C. auris 	Elena/Giulia
Additional Questions/Discussion Topics		
12:50-1:00		
Convene		
Next Meeting	<p>Every eight weeks</p> <ul style="list-style-type: none"> ● 06/29/2023 <p>Minutes will be posted to the HAI website</p> <ul style="list-style-type: none"> ● https://epi.health.utah.gov/uhip-governance-minutes/ 	Giulia De Vettori

Meeting comments:

Action Items:

1. Bring MDRO awareness to all healthcare settings
 - a. CPO, CRO, C auris
2. Updating the interfacility transfer form
 - a. Encourage use of any transfer form through training programs (e.g., nursing schools)
 - b. Promote interfacility communication
3. Build networking and professional relationships between ACHs, LTC, DHHS, medical training programs, and professional organizations
4. Transmission based precautions
 - a. Provide education on TBP for training programs (e.g., nursing schools, CNA programs)
5. Colonization considerations and Enhanced Barrier Precautions in long-term care facilities.
6. Understanding admission practices
 - a. Admission screening
 - b. Surveillance
7. Disseminate [MDRO guide](#) to long term care settings
 - a. EPA disinfectants

Action Plan:

1. Increased compliance with transfer forms
2. Build a survey to assess admission, transfer, and discharge processes
3. Increase participation and engagement in this meeting
 - a. Outpatient groups (dialysis, SDS, dental practices)
4. Promote Infection Control Assessment and Response (ICAR) in healthcare settings

Action Plan for Education

1. Create needs assessment from UHIP subcommittee to identify MDRO education priorities
2. Create train-the-trainer in-services
3. MDRO guide
4. Certificates for Quality Assurance and Performance Improvement (QAPI)
